Sevilla, Sept.12-16, 2016

11th European Fluid
Mechanics Conference

SPONSORSHIP

PROMOTIONAL OPPORTUNITIES

Dear Colleague,

The next European Fluid Mechanics conference, EFMC11, will be held at the School of Engineering of Sevilla between September 12th and September 16th 2016. Some details about the venue, the city, the program of activities, the meeting organization etc, are already accessible through the site www.efmc11.org.

The European Fluid Mechanics Conferences are run under the auspices of the EUROMECH organisation, and cover all aspects of fluid mechanics, from biological flows to aerodynamics, from environmental flows to combustion, etc. The first conference was celebrated in Cambridge in 1991.

Since that first meeting it has been organised every three years initially and more recently every two years owing to the increasing popularity; the previous meetings have been held in Warsaw in 1994, Göttingen in 1997, Eindhoven in 2000, Toulouse in 2003, Stockholm in 2006, Manchester 2008, Bad Reichenhall in 2010, Rome in 2012 and Copenhagen in 2014.

This is the first time an EFMC takes place in Spain and we will do our best for not only the scientific program to be of the highest quality, but also the program of social activities. We very much look forward to meeting you in Sevilla in 2016.

Yours sincerely,

Jose Manuel Gordillo
Chairman of EFMC11
Aerospace Engineering and Fluid Mechanics Group

PROMOTIONAL OPPORTUNITIES

The Organizing Committee has prepared a comprehensive promotional program, with sponsorship packages suitable for all budgets.

Support for EFMC11 will provide the possibility to tightly connect company name and brand to all participants, the international community of scientific and industry leaders in the field of fracture.

Conference sponsorship will represent an effective way to consolidate existing technical and business relationships and create new ones.

The exhibition space, located in strategic areas of the conference, will provide a further opportunity of communicating brand messages and to present equipments, services and technology to a large number of selected and qualified potential customers.

Online and printed pre-conference advertising will eventually promote sponsor companies to the worldwide fracture community.

Promotional packages are illustrated in detail in the next page and may be further modified or tailored on request. Interested companies should contact the conference secretariat.
